FIND Outdoors Launches Georgia Waterfall Map in Spanish

North Georgia – FIND Outdoors, a 50-year old nonprofit based in Pisgah Forest, NC, is proud to work with local nonprofit Hola Carolina to offer visitors to the North Georgia area the Georgia Waterfalls and Recreation Areas map translated in Spanish.

The map, developed by FIND, Leave No Trace and the US Forest Service, is regularly distributed at local businesses to help visitors easily locate and highlight some of the most beautiful natural areas and recreational opportunities in the north Georgia area. In addition to information on FIND sites such as Anna Ruby Falls, Brasstown Bald Recreation Areas, and four local campgrounds, the map also features specific locations of popular waterfalls, detailed directions, and trail distances for those looking for something harder to find.

“This project has been a long time coming and we couldn’t be more proud,” stated President and CEO Natalie Britt. “It’s so amazing to have partners such as Hola Carolina as an important partner and resource to ensure that everyone is able to have the same experience at our sites.”
