Join us for a Wildflower Hike at Carters Lake

Elijay, GA, 6/19/26: Community members and visitors alike are invited to discover the vibrant plant life of the Blue Ridge Mountains during **a free guided Wildflower Hike at Woodring Campground and Recreation Area on Wednesday, June 24, 2026, from 11:00 a.m. to 1:00 p.m.**

Hosted by FIND Outdoors in partnership with the U.S. Army Corps of Engineers, this family-friendly program will take participants along the **Oak Ridge Nature Trail**, where they will explore the diverse wildflowers, shrubs, and native plants that flourish in early summer throughout the Carters Lake region.

Led by a FIND Educator, the hike will provide visitors with an opportunity to learn how native and non-native plant species contribute to the area's unique ecosystem. Native plant field guides will be available for participants to use during the walk, helping them identify and better understand the plants they encounter.

The Wildflower Hike is free and open to the public. Participants are encouraged to wear comfortable walking shoes, bring water, and prepare for outdoor conditions.

Please park at the Oak Ridge Nature Trailhead, and be mindful of other individuals accessing the dayuse area.

About FIND Outdoors

FIND Outdoors is a 501(c)(3) outdoor recreation nonprofit that centers forest education and stewardship. FIND Outdoors has been stewarding public lands for over 50 years, with a vision to create a lasting community of appreciation for the outdoors.
