Light up the night with FIND Outdoors and USACE for moth magic at Carters Lake

Elijay, GA, 7/10/26- FIND Outdoors and USACE are excited to welcome visitors to **Harris Branch Recreation Area** for a night dedicated to Georgia's stunning diversity of moths, some of the most interesting (and overlooked) creatures in our forests. Families can wander between short-walk observation stations, each glowing with light setups that attract a host of our nighttime flying friends. Bring your curiosity — the moths will bring the magic!

From **8:30 pm to 10:30 pm on Wednesday, July 15th**, campers and visitors are invited to stop by and learn to identify Georgia's moths while exploring the observation stations where they are likely to witness them firsthand! The event is free with paid admission to the site.

For more information, visit www.gofindoutdoors.org or call 828.883.FIND

FIND Outdoors is a 501(c)(3) nonprofit partner with public land partners, including the United States Army Corps of Engineers. FIND is an outdoor recreation nonprofit that centers forest education and stewardship, and is now jointly managing Doll Mountain Campground, Wood Ring Campground, and Harris Beach Day Use Area. FIND Outdoors is thrilled to kick off the new season at Carter's Lake, and is excited to be holding numerous educational and community events this year.
